

**Building & Safety Division**  
**Smoke Detector and Carbon Monoxide Self Certification**

Project Address: \_\_\_\_\_

Permit Number: \_\_\_\_\_

Property Owner: \_\_\_\_\_

I, the undersigned, hereby certify that I am the owner of the above referenced property. I further certify and acknowledge that smoke alarms and carbon monoxide alarms are installed within the upper 24" of the ceiling and functional in all the following locations (Notes: All boxes below must be checked; retrofitted smoke detectors may be battery operated per CRC R314.4 Exceptions).

- Smoke Alarms and Carbon Monoxide Alarm: On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms or in each hallway outside of the rooms.
- Smoke Alarms: In each room used for sleeping purposes.
- Smoke alarm and Carbon Monoxide Alarm: In each story, including any habitable basement. (Note: In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm and a carbon monoxide detector installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.)
- Conventional smoke alarm shall be equipped with a ten year battery

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

2013 California Residential Code (CRC) Section R314.1, CRC R314.3.1, CRC314.3.3, R314.6.2, CRC R315.2 states in part that existing dwellings be "...retrofitted with smoke detectors and carbon monoxide detectors when a building permit is issued for, worked on or in a building that is valued at \$1,000 or more CRC R315.2.6 defines required locations as indicated above.

**Note:** This Certification is only used when normal access to the interior of the dwelling by the City of San Gabriel Building Inspector is not achieved during the course of project construction. It is normally used for projects such as re-roofing, patio covers, swimming pools, photovoltaic systems, re-piping, A/C condensers and the like.
