**Athens Construction and Demolition Letter**

14048 Valley Blvd.  
P.O. Box 60009  
City of Industry, CA 91716-0009  
Fax (626) 330-4686  
(626) 336-3636

March 2017

Athens will take all Construction and Demolition (C&D) roll-off loads to a certified C&D facility where those loads will get at least a minimum of 65% diversion, which is the current state requirement for C&D loads. All other mixed waste loads (roll-off or bin) will be hauled directly to our Material Recovery Facility (MRF) for full MRF processing and recycling recovery, which is consistent with our Agreement with the City of San Gabriel.
